

Submission guidelines

I'm looking for people with an interest in art, craft, music, fashion, community, parenting and environment who would like to contribute their work. Environmental articles can include natural products, gardening, recycling, etc. Interesting things happening, books/CDs/products for review or interesting characters from the hills. All submissions must be your own original work.

I can't pay you but you will get two copies of the magazine and exposure. So make sure to include a short bio (two to three sentences) as you wish it to appear in the magazine and website or blog address if you have one. Also your postal address so I can send you your copies.

All submissions are welcome however I reserve the right to edit or not publish articles.

Articles

Articles should be up to 250 words for one page and between 500-600 words for two pages. Don't forget your brief bio. Send the file as an attachment.

Images

Images need to be good quality, high resolution (300dpi or higher so they can be enlarged) jpg or tif. Or contact me if you would like to send a hard copy of photos or illustrations to be scanned.

Sample pages from 'the hills scene'
